

Mp3 Trace Element - Human

[DOWNLOAD HERE](#)

Trace Element is a cinematic blend of electronic beats and live instrumentation, including female vocals, violin, percussion, sax, and bass. 9 MP3 Songs ELECTRONIC: Experimental, CLASSICAL: Orchestral
Details: An emotional journey of electronic textures, angular electro rhythms, cinematic strings, and deep melodies, Trace Element is an electro-cinematic group of live instruments and live computer generated beats and melodies. Rising out of the modern tones is the ancient sound of the violin taking you back to the roots of melody. Cutting through with power, live percussion and live bass maintain the drive of many of the songs. Through these instruments and electronic methods, Trace Element live show remains 'live', performed by a core of two: Producer/Percussion/Bass Henry Hsiao and Producer/Violinist Laura Escude. Trace Element will sweep you away with beauty, passion, and mayhem; it is a show like no other.
