[DOWNLOAD HERE](#)

An excursion into Ambeat music, or Ambient influenced, with a beat. Pieces like "Hamstring" will have you dancing (don't pull one though) while others like "Armed" may invoke a chuckle. 13 MP3 Songs
ELECTRONIC: Ambient, ELECTRONIC: Pop Crossover Details: Excerpts from: rik maclean's PiNG THINGS' CD REVIEWS Regular guests at The Ambient Ping will no doubt be familiar with the work of Wally Jericho. Having played shows with the likes of dreamSTATE, Sylken as part of the Planet of the Loops series, Jericho is an active and respected member of the Toronto ambient community. ...Wally gives his audience a chance to listen to his work outside of a live environment, providing an opportunity to enjoy and rediscover the nuance and subtle beauty of the music he makes. Seamlessly blending both the electronic and the organic, Jericho creates an inspiring travelogue of new and inviting atmospheres... 'Love Dance' leaves me speechless with it's sheer perfection both instrumentally and vocally, a shining jewel of song, a moment of pure bliss.
