Details: It is unimportant what I do at this point. What is important is what you the listener will feel. Who I am is a story. Song Explanations- Abby is a simple crush, like when we were kids, she hadn't an idea I had any attraction to her. A player piano I am now, if you will. Lights out is about kids sneaking out of their house. In this case, who is the sun? I regret to say the music does actually in a sense come back to the bottom ironically. Homey theft is another expression for suicide because the reaper is stealing a friend from friends. Take a sleeping bag down a set of stairs if you get the chance. Charlotte was taken prisoner by the stars to be in charge of wether a wish should come true. Like us all, she gets tired every once in awhile and wants to slack off. The stars don't have time for error so when they catch her drinking wine, they wring the vine round her heart and make her cheeks pink and red forcing her to stop, go outside and look at the stars, feel the fresh air. Have you ever suddenly remembered a time and felt that it was the wind that was in the air from that time that you smelt just then during your memory to give you the reminder. Thank you for your interest.
