Killer bass grooves for serious house lovers! Pump up the volume with this special price bundle of Midi bass lines from Smash Up The Studio. Played by a top pro keyboardist and perfect for producers of House, Disco and Trance. Smash Up The Studio gives you the chance to own their 3 renowned Midi bass collections at a special price (normally 60) These top of the range Midi loops are a stunning addition to any producers collection. As with all Smash Up The Studio products, the standard of performance is of optimum importance and these loops have been composed and played by Steve Burton who has played keyboards and synth bass on many club classics and mixes by the likes of Joey Negro, CJ Mackintosh, Tim Deluxe and a whole host of top DJ producers, so you know you are getting the real deal with this pack. The loops are between 4 and 8 bars and range from cool Disco vibes in the style of electric bass guitar and funky synth bass patterns with a real musical feel, thru to harder edged rhythmic grooves

perfect for all forms of House and Trance. Contained in the collection are all of Steve's original MIDI files un-quantised as we received them, so if you prefer a more natural feel these will be perfect. If however like a lot of producers today you want your bass lines rock solid and locked in with your drum groove we have also included quantised MIDI loops. These have been programmed at various swing factors depending on the style of each individual loop. Some are quantised as a straight 16 which is perfect for Trance, others have more extreme swing factors great for funky house etc. Obviously with MIDI loops the editing permutations are endless and of course the more advanced programmers will want to create groove templates in order to match-quantise the MIDI exactly with their existing audio and MIDI loops. This can all be done in your DAW. All loops were originally performed at around 125 - 130 BPM, but with MIDI you choose the tempo and the sound. Included in this special edition bundle are: MIDI Keys: Bass1 Disco/House MIDI Keys: Bass2 Strictly House MIDI Keys: Bass3 Trance Produced by Steve Burton for Smash Up The Studio Steve Burton is a session keyboard player, songwriter, producer based in London.
