A mix of soul, funk, hip/hop, and jam-inspired rock n roll 12 MP3 Songs POP: Party Pop, ROCK: Jam-band Details: "At the border which separates Funk from Rock, there sit 4 gents who come together and deliver a cross-section of something exciting, fresh, and nourishing to the ears. Their name is 2ADAM12..." R.E. Cheshire, CT "...2Adam12 brings the same kind of expertise to their music as the Neville Brothers. Which is to say, everything is focused around the groove, which is the paramount ingredient that makes all the other elements work, no matter how disparate they may appear to be" -Jay Miller, The Patriot Ledger "When the guys come together, they accomplish the feat of sounding both original and familiar at once - the "new-old" sound as some call it. They are also as tight as O.J. Simpson's gloves. With Payne's soulful and powerful voice, Dehner's funky and dazzling lead guitar, Mersha's creative bass grooves, and Purrington's tight drumming, the band becomes one mind with eight hands." -Pat Walsh, The Vanguard 2ADAM12 was formed in 2005 in Jamaica Plain, MA, when Adam Payne and guitarist Adam Dehner met at a local open mic. With the addition of Mark Purrington and Mikael Mersha shortly after, the bands unique chemistry was complete. The group mastered Paynes repertoire of over 30 original songs and a select mix of eclectic covers. They debuted as The Adam Payne Project at Bentley College in March of the same year. Since then, 2ADAM12 and Adam Payne have appeared on CBS Bostons Sundays with Liz Walker, EATV, numerous college radio stations and host of clubs from Boston to New York. 2ADAM12 is continuing to expand their fan base, playing to larger and larger crowds, as they proceed on their quest to bring their mix of soul, funk, hip/hop, and jam-inspired rock n roll to the people. 2adam12.com
