The Scriptures read in a soothing voice, yet firm and faithful to express the Will of God. 16 MP3 Songs  
SPOKEN WORD: Audiobook, GOSPEL: Traditional Gospel Details: The Narrator of the New Testament  
on CD (Brother Steven C. Millhorn) was born and raised on the buckle of the Bible belt, known as Dallas  
Texas. He was reared to love his parents, family, and church very much, but in the course of time this  
young man forsook the God of his fathers and ran headlong after women, alcohol, gambling, and disco  
dancing. Through the power of his family's prayers and those of his beloved "Church on the Rock" (80's  
Larry Lea)(90's Jerry Howell)(2000's John Bragdon), this Narrator turned from the pleasures of Satan  
unto the glorious life of God in 1985. Brother Steven, an ordained minister of Jesus Christ by Law of  
Liberty Ministries, has studied under all that Christian television, radio, and his beloved Pastors have  
taught. He has spent hundreds of hours in Bible study, singing to God, prayer, and believes himself to be  
a zealot for God. From my heart to yours: "Hereto for and understand, that I depend wholly upon the risen  
Son of God. With all my heart, I trust in God, His Holy Word, and the indwelling Holy Spirit for all of life's  
needs". Brother Steven
