Native Flutes, lush orchestration, and ambient textures combine with ethnic string instruments and hypnotic rhythms. 14 MP3 Songs WORLD: World Fusion, NEW AGE: Ambient Details: At long last the much anticipated album from Artist, Producer and Performer David Andre. David has been writing producing and performing all types of music since the 70s. From concept albums to film and video, he has worked with artists from around the world. He appears on many albums as musician, producer, and engineer. This latest opus indicates a departure from the mainstream and into a sonic world of diversity and musical adventure. From Native American flutes to African drums then onto a surreal world where they dissolve into the realms of space. Powerful and symphonic at times, yet minimalist and deep at others, the title definitely reflects the journey at hand. There is sure to be something for everyone on this Odyssey through tribal pulses and spectral ambience. Organic with an ear towards the future. David believes that music is what the World has in common.
