Big Quack Records. 11 MP3 Songs ROCK: Progressive Rock, ROCK: Classic Rock Details: "Time Heals is one exquisitely produced album..." says Bellingham, Washington's What's Up magazine. This group from the Pacific Northwest bursts forth with a lifetime of pent-up original music, plus one cover of the psychedelic classic "A House is Not a Motel" from Arthur Lee and Love's masterpiece, "Forever Changes." This versatile group paints the corners of your brain with subtle pigments like Mark Knopfler, The Allman Brothers, a touch of Peter Gabriel, a taste of Cream ... Roger Ludwick's lyrics are laced with dreamy vignettes from waking life and realistic visions from dream life, intertwined within unique musical arrangements. Multi-instrumentalist Mark Dodge provides musical hooks that attach each song deep in your brain. Kevin Miller's solid, inventive drumming grooves deep and rocks hard. The production is complex, personal, at times mysterious, and always propels the songs out of your speakers with authority. Buy this CD, you'll like it.
