Celtic harp fused with jazz bass and percussion. 13 MP3 Songs NEW AGE: Celtic New Age, WORLD: Celtic Details: Harp 46 is an ensemble comprised of harp, bass and drums. It's hard to explain exactly what we are, but the genre "celtic fusion" seems to stick to us well. We really just have a good time with music and are always trying to challenge ourselves to have MORE FUN with it and to keep surprising ourselves! The tracks on this cd are mostly pretty upbeat. There are a few traditional hymns that we've rearranged, although if one doesn't know the hymns, it doesn't sound anything like typical "church music." Our spirituality isn't so much the mask we wear but instead is something that is infused into every note we play. Have a listen... look around our website if you get a chance... and feel free to email us! We love to hear from folks who are listening to our music.
