Hiding in Public writes melodic, harmony-filled pop rock that crosses state lines and genres. Kind of like The Eagles in Dire Straits with a dash of Johnny Cash. 8 MP3 Songs POP: 70's Pop, ROCK: Americana

Details: Hiding in Public is a pop/rock project based in London that features the guitar playing and singing of Jamie Moses. Jamie is a legendary live and session player with a stellar list of achievements (Queen, Mike The Mechanics, Brian May Band, Tony Hadley, Paul Young, Bob Geldof). Warm, melodic songs are loaded with hooks, bends and subtle twists. The lyrics are thought provoking, intensified by the deep, soulful character of Jamie's voice. The melodies will sneak into your memory. The guitar work and its subtle textures weave an unforgettable web. We think this reviewer at Taximay have said it best:

"Honestly, I can think of nothing to tell you about how you could improve this material ... these songs are beautifully constructed, performed with obvious skill and conviction, and they're memorable. They're very memorable. I won't be able to get a couple of them out of my head for the rest of the day." If it's late at night and you would like the world to slow down and make sense for a few moments, slip Hiding in Public into your stereo and enjoy it with your favorite nightcap.
