Four guitars scattered in the stereo spectrum, original melodies, no screechy sounds, stimulating rhythms, or confusing patterns with focal techniques conducive to an hypnosis type effect, proven in ICU to stimulate endorphins alpha waves of biofeedback. 10 MP3 Songs NEW AGE: Relaxation, EASY LISTENING: Instrumental Pop Show all album songs: Floating Guitars Songs Details: A professional musician turned nurse found her gentle and pretty melodies helped several people through surgery and trauma when drugs failed. This album was so desired that she had it converted from cassette to CD at Peter Temple Studio on the Mendocino Coast. It is in it's 3rd duplication. Headphones accentuate the floating effect. We don't recommend playing this while you are operating a motor vehicle. Janie is currently finishing an album to go with a children's book about a teenage Polar Bear. It will be on CD baby soon. She still plays professionally as a duo with Ridge Gorman called The Ridge Runners, doing cover tunes in small venues.
