One of melodic and soothing melodies heard on his original CD. "Melody Messages is the name given because these tracks are divine messages which rained down from heaven upon my ears as I yielded to the voice of God." As he spoke to me, I played; trying not to leave anything out, but to give it to you just as he delivered it to me. Get ready for melodic sounds of healing, of restoration, of joy and of laughter. Heaven speaks in Session II. Currently in the works is his 3rd project set for an early Spring 2006 release. This album, befittingly entitled "Soul Worshiper: The Dialogue of Relational Praise" sets a new tone and flavor for those who have enjoyed his last two projects. Kenny raises the level of genuine heart pounding soul driven worship to a height unreached. With an urban slant and a neo-groove, this album will provide hours of musical uplift and healing. Keep your eyes and ears open for this one, and check back often. Don't miss it!
