A mix of acoustic and pop with catchy, relevant lyrics, sweet harmonys and music you can jam to in your car or anywhere. 9 MP3 Songs POP: with Live-band Production, GOSPEL: Contemporary Gospel

Details: Matt Chittenden is a Singer/Songwriter/Musician and worship leader. Feel free to contact him via e-mail at MattChittenden@yahoo.com. He'd love to meet or talk with you! Right now Matt is currently working full time for a Telecommunications company based out of Virginia where he is from. That job keeps him busy, but his real love and passion is youth ministry and music. He has been leading music in youth group since he was about 14 years old and continues to love every minute of it. Now in Lancaster, Ohio he has met so many wonderful people, and recently within the last 2 years was asked to be the Youth worship leader at his Church. That was a complete answer to prayer because his heart has always been for the youth. He remembers praying a couple years ago that God would open the door for him to lead the youth in worship again, and sure enough He did. Other than his Job and working with the Youth, his heart is to continue writing songs that express his heart and love for the Lord and make a difference thru Gods word in Song. He once was told by a youth that after he heard his song it really helped Him to see that God really did care and that He is there for him. That is something that will stick out in his mind for a long time. The Glory goes to God because without Him, he woud not be able to write these songs. In the end, they are HIS words that change others lives. He just wants to be the Vessel God works thru and share His word in his own creative way, and the exact way he created him to. "Booking Info" If you are interested in having Matt come out to play at your venue or church, please contact: Booking@lifesongsproductions.com. We will be happy to arrange everything for you. Thanks in advance for the opportunity.
