

# Mp3 Treblemakers - Singing With Treblemakers: Songs For Young Singers

[DOWNLOAD HERE](#)

A unique recording of folk and nursery songs sung by the Treblemakers Childrens Choir which will change the way you think about children's music. 25 MP3 Songs KIDS/FAMILY: General Children's Music, FOLK: Traditional Folk Details: Singing with Treblemakers: Songs for Young Singers is a unique recording of nursery and folk songs for young children ages 2-7 featuring the professional artistry of children's voices. This debut release by the Treblemakers Children's Choir, directed by Dr. Mary Ellen Junda, is a great sing along CD that provides children with age-appropriate songs and vocal models. Singing with Treblemakers: Songs for Young Singers is a fresh voice in the crowded market of children's recordings. Listeners will be enthralled by the purity and richness of the voices of this choir of 9 to 13 year old singers as they perform songs from the standard children's repertory, as well as less well-known folk songs that children love to sing. Professional musicians on acoustical instruments enhance the children's voices and add rhythmic energy and harmonic sophistication to the songs while maintaining the folk style. Treblemakers has performed for President Clinton, other dignitaries, state professional music organizations and thousands of enthusiastic children. Singing with Treblemakers: Songs for Young Singers earned a 1998 Parents' Choice Gold Award and was featured in Parenting magazine, regional newspapers, and NBC's 6 o'clock News. Just one listen will change the way you think about children's music!
