alternative independent singer/songwriter folk-pop like sex with buckley and massive attack. 11 MP3 Songs FOLK: Modern Folk, ROCK: Acoustic Details: check out valiumspeed.com More about VALIUM SPEED Daniel Stoller is VALIUM SPEED's mastermind. Coming from a musical family he tried different styles and bands. In 1998 however, he decided to put all his creative energy into his own songs. On his last CD this make hits he mixed traditional singer / songwriter with modern drumloops to a homogenic whole on which his voice comes to soar wonderfully. By any means soaring is the condition you get removed to if you let yourself be carried away by the music of VALIUM SPEED. Meanwhile he is working with his long-year companion Danny Glinz on the next album which dedicates itself even more to the acoustic side. More towards folk and less electronics. More melody and melancholy. Allthrough he grants his influences from Jeff Buckley, Nick Drake and Elliott Smith more space, it will unmistakably be Daniel Stoller who opens his innermost to the listener. Great songs about the greatest of all feelings. About love. we're waiting.
