

Walking With Moses - Talking With God - Cinda King

Moses was simply a man; a man of doubts, fears, faults, joys, triumphs, and defeats. His feet walked this earth more than 3,400 years ago, yet the leadership lessons he learned along the way are just as relevant for each of us today. The example Moses set of hearing and faithfully answering the call of God is a lesson for all ages. This is a six-week small group study that will take students on a journey through the most significant events in the life of Moses as he finds himself leading the children of Israel. Situations lived by Moses will bring clarity to the path many others walk in following God; times of questioning, strange encounters, significant markers, and evidence of provision and protection. The interactive nature of the study will enhance the learning experience and provide a challenge for the heart and mind. A free Leader's Guide is available online at randallhouse.com.
