The Probationer's name was really Nella Jane Brown, but she was entered in the training school as N. Jane Brown. However, she meant when she was accepted to be plain Jane Brown. Not, of course, that she could ever be really plain. People on the outside of hospitals have a curious theory about nurses, especially if they are under twenty. They believe that they have been disappointed in love. They never think that they may intend to study medicine later on, or that they may think nursing is a good and honourable career, or that they may really like to care for the sick.
