THE Determinate Lyric MESSENGER OF THE 21ST CENTURY 15 MP3 Songs HIP HOP/RAP: Southern Style HIP HOP/RAP: East Coast The Hood Songs Details: Alshaheed is rewriting the rules on hip-hop, with his up-to-the-minute album entitled "THE HOOD" he is decent one of the most influential and controversial lyric messengers of the 21st century and for many the definitive messenger of our time. Building from the pioneers of the hip-hop community of the East and the gansta rhyming of the west, Alshaheed is pioneering a variation of hardcore rap that is musically and politically revolutionary. With his powerful, authoritative baritone, Alshaheed rhymes about all kinds of social problems, particularly those plaguing the black community, often condoning revolutionary tactics and social activism. Musically, Alshaheed is just as revolutionary, as his production team, creating dense sounds capes that relies on originality, relentless beats, and deep funk. It is invigorating music made all the more intoxicated by Alshaheed's forceful vocals. THE HOOD is now available in stores: Sam Goody, Eargasm, Hastings .
