Listen to the CD with one of your "Love Notes" and cherish the magic of childhood together. As a young child, Corinne studied the piano at the Los Angeles Conservatory of Music and Arts and began writing music in her early teens. She produced and starred in a one-woman show of her original songs and music in Los Angeles and co-wrote the music and the lyrics for a children's musical based on the story of The Little Boy from Holland that was produced in California. Before this new adventure in Love Notes, Corinne Michaels had a long and successful career in Hollywood. For over twenty-five years she starred in and was featured in many television films and series including, Medical Center, Little House on the Prairie, Highway to Heaven, and The Rockford Files." Her voiceover talents have also been featured in numerous national commercials as well as audio and television film narrations. Corinne continues to explore this joyful process of writing music for children and the young at heart, inspired once again since the birth of her two grandchildren, Cassius and Zo.
