I am a state champion ATV racer and a certified life-saver, who enjoys dancing and modeling. I'm the outdoor type; loving horseback riding, snowmobiling, swimming, jet-skiing, and water skiing. I have worked with so many musicians, from duos through twelve piece bands, in the hottest nightspots. I performed in Europe and aboard the world's largest cruise ships. I must admit that traveling is fun. I have enjoyed recording and writing new songs. I'm a former member of "Expose' II." Now, I'm a member of "Fantasy." I'm having a wonderful time. The music is fresh, new, and exciting and I enjoy being with the other girls. Janette When I was two years old I came to the U.S. from the Philippines, where I was born, and I grew up and spent most of my twenty-four years in Key West. I was quite a tomboy and a gifted athlete, excelling at fast pitch softball and indoor volleyball. I even won a softball scholarship at Northwood University in Palm Beach. After having attended Northwood for a year, I enrolled in New England Tech, where I earned an Associates degree in Computer Programming. I am a holistic healer and personally train to keep my 5'6" frame a comfortable 118 lbs. I enjoy traveling and social dancing. I also play recreational baseball for the Angels, a West Palm Beach team, and I still find time to write award winning poetry. I have always dreamed of having a career as a singer, actress, and dancer and now this dream is coming true. I just signed with TVI Records and Filmworks, as part of "Fantasy" and I'm ecstatic. I'm happy for all those wonderful people who have come into my life and who believe in my abilities. I believe that you should never give up on anything you dream, because only you can make it happen. I send you all my blessings. Dee I'm a mezzo soprano of Cuban descent and I share the Cuban love of music, particularly Doo-Wop, 50's, 60's, and Top 40. I also

enjoy singing new original compositions. My professional career began in 1990, as part of "Grupo Vocal de Meme Solis," a four part harmony girls' group for renown singer, composer, pianist Meme Solis. I appeared as part of the girls' group, "EV-VA," as well, in both Miami and New York. I've also recorded background vocals for Placido Domingo and Tito Puente, Jr. and performed at Calle Ocho '98 and on radio "Power 96" in Florida. I have been on numerous television presentations, festivals, and beauty pageants and have performed live at Cami Hall (New York) , Copa Cabana, and Havana Club (Miami), and the Tropigala in the Fontainebleau Hilton (Miami Beach). I became part of Fantasy about seven years ago. I spent alot of of time recording, performing, and traveling. I've been having a ball. Nothing could be better or more fun. Give Me More! Mia Although I'm a Connecticut Yankee, I've toured throughout the U.S., Europe, South America, and the Islands. I'm classically trained and have been entertaining since childhood. I do a lot of studio work, including voice overs, and I was a member of "Expose II." Of course, now, as a "Fantasy" girl, I get to experiment with new material, which stretches my abilities, and have fun doing
