JW John didn't know the purpose for his life. As a child growing up he thought and acted like a child. Even when becoming a young man there was still no clue. John lived a life the way others wanted him to live. People would make decisions for him until he could make decisions for myself. All the lot, God knew the plan for his life even when things were undecided about his purpose. God knew John had songs in my heart for him but at the time John was too busy doing other things and trying to find his own revelation of who he was. As time went on, John discovered that what he wanted and how he could find revelation of himself was in Jesus Christ. John's relationship with God inspired him to have full revelation of the voice he had. Songs long ago that John would sing had no purpose but songs that God would lead him to sing had purpose. John's goal is to continue singing melodies in words to express the love he has for Savior and to seek first the kingdom of God and his righteousness and all other things will be added in Jesus Name. John is also a faithful tither and faithfully serving the vision of his pastors Lamont and Constance McLean, Living Faith Christian Center, Pennsauken, NJ. faithspeaks.org
