Father and son sax and guitar and lyrically driven folk/jazz/blues with a message of peace. 14 MP3 Songs FOLK: Folk Blues, BLUES: Jazzy Blues Details: We are a family band and "whererwegoin" pulls together the best of the peacenik music we have written and performed for the last 3+ years. So much has happened since we wrote and started performing Earnest Soldier just before the Iraq war. In retrospect each song, from Extraordinary Rendition to By Blue America's Shore, probably represents our attempt to understand and come to terms with what is happening to our country, to its ideals and to its future. We in this family all hope that as a country we will decide to live by the Golden Rule for a while. To folks who have not seen/heard us play before - Jackson a 14 year old multi-instrumentalist plays with his dad a guitar player singer song writer. Together we are looking for a new honest sound. To the folks who have come to the gigs, the people who are on the email list, all the folks who have downloaded the music and those who have used the music at peace and protest rallies thank you for your help, support and encouragement. More music is now available here on the site. If you start downloading have a listen to our first cover Tupelo Honey by Van Morrison, By Blue Congregational Shores with the famous "Catch as Catch Can Choir" and Love is Alive featuring Vanessa Silva, Emily Vershoor-Kriss and Cici Hunt. Thank you again to all. Enjoy the music and please be in touch - Peace -
