Contemporary jazz with an R&B flair. 8 MP3 Songs JAZZ: Smooth Jazz, BLUES: Funky Blues Details: The Jazz Banditz are a jazz quartet from the lower mainland of British Columbia. The band started as a duo act 5 years ago with Bob Tarr and Dave Geurtsen but as the gigs grew so did the band. Soon Wes Laing brought his smooth sax sound to the mix then Mark Andrie was brought in to add some cool grooves. On our new CD, Getaway, we have included some of our originals along with our versions of the standards Jellyroll and Autumn Leaves. Most of our gigs are in B.C. but we love to travel so come out and see us.
