What About Us- CD Single is armed with a selection of remixes; The New York / LA Mix is produced by bandleader Reuben MacCalla (LA) and features Crisis (New York). Theres a crisp beat that shows off the sensual vocals on this classic West Coast arrangement, whilst New York / Puerto Rican rapper Crisis dives in for the middle section with an unforgiving flow. From the beaches of LA to the streets of London comes the Urban 2Darc Mix produced by UK production maestro 2Darc, who along with his partner Charles Temenu are known for their remixes of Usher, Sunshine Anderson Monroe (Sony UK). This UK version includes a UK rap from the point of view fo an other person "trying to get the girl". Reuben also produces the Slow Jam and Original RnB Mixes. If you prefer a more chilled out vibe, the Slow Jam mix is sure to deliver with its reflective mood. Again another Reuben MacCalla production with a vocal interpretation that portrays a sense of hopeful reconciliation The RnB version features a smooth piano based arrangement

that builds to a crescendo along with the songs light and airy vocal arrangement. This version has attracted a lot of attention in Japan. New York producer Dynas-D has produced the Reggae-ton Mix. He has remixed artists like Boys II Men, Rosie Gains Le Clic as well as producing numerous tracks for MTV VH1. The mix is a masterful blend of both Reggae-ton Pop productions that give this version a definite radio crossover potential.
