Christian Rock that every generation will appreciate. 10 MP3 Songs GOSPEL: Contemporary Gospel, ROCK: Modern Rock Details: It all began with just a couple of guys (Todd Bell, James Blackwood, Aaron Key, and Justin Moody) saying, "Hey, lets get together and try to play some Third Day!" Their days as a band were short lived as a couple of them moved off for school and various other reasons. Almost two years later though, God brought them all back to the same small town where it all started. As they reunited, they began to lead worship on Wednesday nights for the youth of their home church, Center Point Baptist in Scottsboro, AL. Each had grown individually in their musical talents. They began to have practices and even wrote a few original songs. Thus Oneighty was born. Jeana joined the guys a few months later, completing the vision they shared. Oneighty signifies the one hundred and eighty degree turn you must do when you give your life to Christ. You must abandon your old ways and take up your cross daily to follow Him and Him alone. Now therefore, says the Lord, turn to me with all your heart Joel 2:12 Oneighty is a diverse group and each has a different dream for their life, but they share the same vision and purpose: to lift up and glorify Jesus, and to futher His kingdom. The debut CD is an important ministry opportunity in order to get the music out there with positive, God Serving lyrics to show people there is a better life and that's through Christ Jesus, the only son of a living God!
