blending elements of electronica, rock, and alternative into what can best be described as an electro - acoustic - concoction. 9 MP3 Songs POP: with Electronic Production, ELECTRONIC: Pop Crossover Details: "Ripley Caine is another one of music's true hidden geniuses. Since the release of her amazing album Lover she has completely reinvented her music. Nowadays Ms. Caine's music is filled to the brim with creative electronic work and sampling while maintaining a strong singer/songwriter feel. At the heart of it she is undoubtedly a singer/songwriter and her music is certainly a breathe of fresh air in the genre." - Mark Fisher - 1340mag.com
