

## Mp3 Rubens Salles - Munderno

[DOWNLOAD HERE](#)

World music fusion from Brazil, that mixes african and middle eastern influences. 9 MP3 Songs WORLD: World Fusion, JAZZ: Jazz Fusion Details: MUNDERNO CD Mix of sounds connect Brazil, Africa and Asia The album MUNDERNO is an unique encounter of many instruments. It mixes some of the most exciting grooves of Brazils northeast such as Baio, Maracatu, Bumba-Meu-Boi, Tambor de Mina, Tambor de Crioula and Samba. Its compositions and arrangements are open doors to an extense ways of improvisations, including a big variety of instruments: strings, bass, woods, acordeon. MUNDERNO is an exciting experience of sensations translated to sounds never expressed before. It spins round just like the world, from the heart of the tropical forests to the most uncertain paths of the deserts. MUNDERNO takes you to a trip of endless images and it allows you to come and go to the infinite possibilities of life! Pianist Rubens Salles is the author of four compositions of the album. The musician also changes distant sounds to strong and dense harmonies. And more: Rubens adopts classical Stravinsky and Brtok and some typical brazilian songs.
