Head nodding instrumental Hip-Hop with scratches 5 MP3 Songs ELECTRONIC: Trip Hop, HIP HOP/RAP: Trip Hop Details: Shygone is a new generation composer. He pulls from every available sound source and creates original sonic textures. His music is considered cinematic because you can envision all facets of life while listening to it. Don't get me wrong, the music is by no means boring. It has a deeper appeal than standard pop music. Plus the rhythms are solid Hip-Hop. This is genuine music from the heart and you will have no problems listening to the album from beginning to end.
