The fun weekly adventures of a little boy growing up in Silicon Valley, California at the turn of the 21st century. It was 1998 and the middle of the internet boom in Silicon Valley California. Life for Arnold D. Vinette was very busy and he wondered how a new baby would affect his life. Nothing could have prepared him for the future which lay ahead, nor would he have believed it. This is a timeless story of a young man learning how to become a good father. About discovering where we all start and how we grow. It's inspirational, treating us to an enduring depiction about family life, hope, love and endurance to survive that very difficult first year. And it rewards every grandmother and grandfather who told their own sons and daughters how rewarding having kids would be. But mostly it's a message of hope to weary new parents, that surviving your first year is completely possible with rewards beyond imagination.
