

Second Nature - Cameo Brown

Activist Claret McDaniel has a decision to make: succumb to the charms of sexy land developer Graham Norton or watch his company destroy a tract of forest she loves. Claret can't believe that Graham will abandon his plans to develop the land once he beds her, and, ethically speaking, his behavior is totally out of line. However, the feral lust she sees in his amber eyes is becoming more difficult to resist. A desire like one she has never known will lead her right into the realm of a nature spirit desperate to right an old wrong, but can her passion save them both from losing an eternity together? TO MY READER: Have you ever wondered what it would be like to make love in a forest? I did, and Second Nature is the result. Stubborn Claret really needs someone to tame her impulsive ways, and proud, sexy Graham is just the nature spirit to do it. I hope you enjoy their battle of wills! ABOUT THE AUTHOR: Cameo Brown enjoys living in the world of stories, especially the erotic ones, whether reading or writing them. In real life, she lives somewhere just right of the middle of the United States with her totally delectable husband, who still doesn't quite understand why she enjoys sitting at the computer so much, and a passel of temperamental felines who are plotting to take over the world. When not writing, cleaning up hairballs, or

making up excuses to dance naked, she loves hearing from her readers and adding new features to her place in cyberspace, cafepriapus.com.. Visit her there for an occasional free story or contest opportunity, or drop her a line at cameo@cafepriapusto let her know what you would like to see next.
