[DOWNLOAD HERE](#)

Solo layered acoustic electric guitar instrumentals 12 MP3 Songs EASY LISTENING: Soft Rock, EASY LISTENING: Mood Music Details: Back to the Bone features all instrumental guitar originals that pleasantly let you dream while listening. Some songs are layered with several guitars some are solo guitar features. Some songs are performed on acoustic guitar, some are performed on electric guitar. They float haunt nudge pull, leaving the listener feeling calm fed. When you're influenced by some of the finest guitar players that ever graced our planet you eat sleep drink guitar from a tender age; music, personality, awareness self are developed together. It's where living expression breathing are one in the same. Lauren Passarelli is a master guitar player musician's musician. She's a guitar player who has a feel tone that personifies the notes she chooses. Clever articulate her playing flows looks effortless to create. The trademark of an expert. It looks so easy when played and it sounds brilliant. It's all about touch feel. The magic happens with her hands, at her fingertips. The songs on Back to the Bone don't sound like "guitar songs". They sound like compositions arranged for guitar. The interesting thing is they were all composed on guitar. A testimony to the depth of understanding Lauren has for the guitar. To her the guitar is as versatile an instrument as piano. Lauren writes in standard alternate tunings the liner notes include the tunings as well as the guitars played for these recordings. Lauren is the lead guitarist for the Beatle's tribute Band, ALL TOGETHER NOW known for their astonishing vocal blend accurate arrangements of Beatle records down to the finest details. Lauren's original pop/rock band, TWO TRU combines all her favorite musical influences: The Beatles, James Taylor, Fleetwood Mac, Stevie Wonder, Pat Metheny many many more. Two Tru's latest release, Shadow Language was a top 5 finalist in the Independent Music Awards. When Pat Metheny sat across from Lauren in her living room looked her straight in the eye said, "You're a great guitar player", she was 32 yrs old. It's a wonderful thing to have a

mentor's blessing smile upon you. Lauren Passarelli has been a professor at Berklee College of Music in the largest guitar department in the world since 1984.
