Laurie and her friends sing New Thought songs of Love, faith, gratitude and encouragement reaching out to connect us all with a sense of YES. 14 MP3 Songs FOLK: Modern Folk, NEW AGE: Healing Details: Laurie Story Vela has been a writer, singer and performer her whole life. In addition to creating the wonderful world of Laurie's Stories, she has written hundreds of songs and is now performing New Thought songs with her six year old son, Jeremiah. Laurie looks at life as a gift and music as an opportunity to feel JOY as well as connect more to the truth of who we are. Though Laurie's life work has always been with and for children, she has been a folk performer for adults for well over a decade. Her latest recordings are her first to sing out her strongly spiritual side encouraging us to feel the LOVE present within and to express this zealous beauty in the world. The songs on I Am A Seeker and her children's CD, Small After Small were recorded with some young friends from the Youth Choir Laurie put together at Spiritual Life Center, Sacramento. I Am A Seeker is more for older youth and adults while Small After Small is geared for the young and their families. About Laurie Story from others ... "Thanks for your songs...
