Songs that have been played in churches, retreats, the Walk to Emmaus, Journey to Damascus, Kairos, prisons. To audiences of one or one thousand. Audiences have remarked that the CD, "Time to Tell the Truth" is a meditative musical journey: from first discovering the need for repentance, to honest reflection on an arrogant life, then on to the need for forgiveness and the need to forgive, continuing through an awareness of real love and God's rest ,and ending at "The Song of the Ages" which was,"there from the start, planted deep in our spirit, springing up from our heart." It's a CD that boths rocks and gives plenty of opportunity for quiet reflection. While the tracks stand alone they combine to form a great Cd if you are on the road for an hour or so or want to just sit and think at home or office. This CD has been a healing instrument for many relationships and, in as fine a compliment as can be given, those who have experienced God's healing power through songs like "Forgive Them", have requested the CD to give to other loved ones in pain. Join Norm in the realization, that for all of us, it's "Time to Tell the Truth."
