

## Mp3 Ro - Nu Money

[DOWNLOAD HERE](#)

Down South with a Smooth West Coast Twist. A master producer and punchy vocalist. "Ro" is just what the rap industry has been missing. Style, Charisma, and Truth. It only takes one time to listen and in that same moment intrigued with this Heavy Hitter. 14 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hip Hop Details: Could it be his pretty boy image, his Colgate smile, or his hustler edge that makes the masses swarm to Ro like bees to honey? Whatever the cause, the consensus is that Ro may just be the next big thing in hip hop. Though this young rapper represents M.E.M.P.H.I.S. and is no doubt representative of the Dirty South, he combines the party flair of the East coast with the gangsta edge of the West in his self titled dbut album Ro which is sure to make him the next overnight superstar. Ro, like other overnight sensations including Nelly and Fabolous, makes his mark by representing his hood while making subtle concessions to the masses, thus encapsulating the makings of a true cross-over artist. Growing up in the absence of his father, Ro realized at an early age that he had to make money to become his own man. Like most hoods, Ro was faced 2 options; hustling or music. Ro opted for a combination of the two. His passion would soon be realized through producing beats that make your body move like those found in Street Paparazzi, Rida, and the soon to be top charter Love Women. As a producer, Ro lets his music do the work in order to develop a balance that will get your body hype, but also let you mellow out with your honey. A young star who is sure to be with us for a while, Ro will be known for his smooth and sexy style with words, but remembered for his beats that will keep him on the top charts.
