Smooth, funky soul-jazz, piano/electric piano-driven and featuring sax and guitar as well. Lush production. 12 MP3 Songs JAZZ: Jazz Fusion, JAZZ: Smooth Jazz Details: Sam McNally - keyboardist, composer, recording artist, educator Sams consummate artistry has made him an indispensable commodity - journalist Michael Smith (The Drum Media) Sam is a soulful, dedicated artist....a great inspiration - Australian guitar giant, Tommy Emmanuel Sam McNally is one of Australias best and most experienced pianists/keyboard-players, having been at the forefront of the Australian music scene for over 20 years. Voted Music Week magazines Studio Keyboard Player of the Year in 1990, and a Top 5 Finalist for Best Jazz Artist at the MusicOz Awards 2004, Sam has worked with Tommy Emmanuel, John Farnham, Air Supply, Tim Finn (Crowded House) and international acts (sax man) Dave Koz, Seals Croft, guitarist Louie Shelton, (Canadian) George Fox and renowned soul singer, Percy Sledge. Sam was a founding member of 70s soul/pop group Stylus, the only Australian artists ever released by Motown Records (Stevie Wonder, Lionel Ritchie) in the USA. Stylus toured with George Benson, Average White Band, Ike Tina Turner, and Australias Little River Band. Japans Toshiba-EMI re-released 3 Stylus CDs in 1998/99, recognizing the bands uniqueness as a white soul act, along-side artists like Boz Scaggs and Hall Oates (from the same era). In 2002 Sam was a senior lecturer at Malaysias Sedaya College University (contemporary music faculty). Jubilation is the latest of Sams 5 albums, comprising much of his own material and featuring the great Tommy Emmanuel on the title track. The CD also features a unique reading of U2s Still Havent Found amongst so many more great funky/jazzy/bluesy tracks. Jazz Fusion? Jazz Rock? Latin Funk? Yes, and more. If pressed for a category, Sam would prefer to cover all bases with "contemporary instrumental, with strong jazz, funk and latin influences", but that's a bit word-heavy. Perhaps "Contemporary Jazz" or "Electric Jazz". Any labels, however, barely point to the vibrancy,

dynamics, and the compositional strength that lie within "Jubilation". Sam is currently working with singer-songwriters Clint Crighton, and with (Indigenous Australian) Emma Donovan. In 2005 Sam took his Blues Solution band to Beijing, China for the opening of Icehouse club. Sam has home bases in both Sydney, Australia and in Kuala Lumpur, Malaysia. sam@sammcnally sammcnally.com Tel.: +61 414 95 1113 +61 2 9867 1157 Sam McNally abbreviated biography :- 1973: Baiyina (ex-Healing Force, Melbourne) Graham Russell (later of Air Supply) 1974: Glenrowan (produced by Ernie Rose, of Little River Band fame) 1975-79: Stylus, plus countless recording sessions Stylus signed to Motown Records (US), 1977 1980 - 82: John Farnham, Air Supply (Lost In Love album), Marcia Hines, plus countless recording sessions, Sam McNally "1st Chance" album thru EMI 1984: Across Time tour of US, India, UK for Raja Yoga 1986: Tim Finn (Crowded House/Split Enz), Seals Croft (Opera House Peace Concert) 1987-91: Tommy Emmanuel (Australias legendary guitarist) - 3 albums, numerous tours, including Eric Claptons 1990 Australian tour 1989-90: Groove City with Rick Price; Girlfriend 1993-99: (Aust. song-writer) Richard Clapton, Ottmar Liebert support (Sydney Town Hall) Sam McNally "Spellbound" CD thru PolyGram. 1992: (U.S.) Dave Koz, Louie Shelton, Ausmusic consultant (education). 1995: George Fox (Canada), Gina Jeffreys (Contemp.
