Original children's songs with a really lively beat, to make you smile, keep you clean, be patriotic, love baseball, be a friend, and even learn a bit of Spanish. 11 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Children's Storytelling Details: This is a homespun, organic, fun little album that is meant to help you smile and have fun! Some of my favorite songs are the "Goodness Gracious Me Oh My" song, which I composed to be a fun way to say other things than bad words. It sounds a little blue grass/country, which is what I love to have in my kid songs! The "Laugh a Little" song was inspired by a track that I had of me laughing after I made a huge singing booboo while rehearsing one of my songs. The track kept going, with me giggling, so I kept the track, and created the song! The soldier song is just a little song card to thank the soldiers for all they do, in the form of a little imaginary story of a child writing to thank the soldiers, and a soldier answering the letter. And so on. Enjoy, listen, and smile. Life is too much fun not to! Sandy "Laugh a Little" (the title track) or "is that really some loon laughing in the background?" Yep! While rehearsing one of the songs, my voice resembled the sound of a turkey, and I laughed so hard when I heard it, that I kept the laugh clips and used them for this song. "Where oh Where" is a little tale of a sailor that happens to have Spanish in the song - stress free way to learn a bit of Spanish! "Thank you Mr. Soldier" is my thank you to the military, who serve America in such a selfless way, asking for nothing, giving America their all. And they sound good in a car, on a home stereo, anywhere! If in your cd shopping, you like this album, the price is right, buy it, listen to it, sing with it, and laugh! I am in the process of putting the lyrics on my website. That will come soon.
