THE VIRAGOS - Popadelic Rock. "Toe tappin', butt shakin' music that makes you want to sing along at the top of your lungs." Evoking the spirit of the 70s 80s with modern sensibility. Imagine The Beatles, Led Zeppelin and Heart cowriting. 6 MP3 Songs POP: Beatles-pop, ROCK: Modern Rock Details: What do Marilyn Monroe and Neil Diamond have to do with THE VIRAGOS - a Popadelic Rock Band? Debra Howell, a Marilyn Monroe impersonator and Lisa Simons, a bass guitar player for a Neil Diamond Tribute band are the driving force of THE VIRAGOS - Popadelic Rock. Their extensive musical and performance experience gives THE VIRAGOS a cutting edge with their original music and live performance. Taking their extensive experience and focusing on their original music has found THE VIRAGOS hot on the heels of their debut album, volume 1. "Toe tappin', butt shakin' music that makes you want to sing along at the top of your lungs!" Music that evokes the spirit of the 70s 80s with modern sensibility; full of infectious melodies and lush harmonies, often compared to The Beatles and Fleetwood Mac. Driven by the belief in Peace and the powerful force that music has to Unite, THE VIRAGOS songs emerge from the exploration of our human interconnectedness; from the importance of our inherent connection with the Earth and Nature, to the powerful metamorphic transformations of our lives. Debra and Lisa have brought together some fine musicians to help create and share the sounds of THE VIRAGOS; Steve Kulusic on lead guitar and Rusty James on drums, allowing them to perform in two equally strong formats - a full band and a duo. THE VIRAGOS performances are packed with their dynamic originals as well as a great mix of familiar favorites from the 70s 80s. Always a good time had by all! Coming soon to a stage near you! P.S. Thank you for supporting THE VIRAGOS by purchasing our album and coming out to our shows. Music is meant to be shared! Let Music Unite!
