Step By Step Guide Explodes Publishing Myths And Reveals Simple Method To Earn From Publishing Your Own Physical Books One of the best things you can do to establish yourself as an expert in your niche is to produce a physical book. Being a published author will give you a massive amount of credence in your niche and firmly establish yourself as an expert. Being perceived as an expert in a niche has many benefits, not least of which is that it makes it easier for you to make sales and increase your profits.

Another big benefit of having a published book is that you can easily create another stream of income for your business that can run almost on autopilot for you. Until now, publishing a book has been a nightmare process. You need to contact agents and publishers and look forward to rejection letter after rejection letter (even J.K. Rowling was originally rejected by a number of publishers) and hope that someone likes your book enough to publish it. Then you need to go through the painful writing and editing process and wait for your book to be published and distributed, which can take a year or more. It's a slow process that drives many authors bananas. Of course, you could go the self publishing route. This hasn't been much better. You spend several thousand dollars self publishing your book and then you end up with a garage

full of books you have to try and market yourself! Not a pretty thought is it? This is why so many people have fallen by the wayside on the path to becoming a published author. And we've not even mentioned the pittance you get as a commission on every book sale or that you are only paid this once or twice a year most of the time. Step By Step Guide To Self Publishing The Self Publishing Revealed program has been produced to blow away the cloud of mystique that surrounds self publishing and show you how anyone can publish a book literally in just a few hours! It doesn't matter whether you are a complete beginner or an accomplished writer, you will be able to very easily publish your own books. Of course, publishing these books brings you additional income. Publish multiple books and you can create many different streams of income. Being a published author brings a lot of kudos and as you work through the Self Publishing Revealed program you will understand just how many highly profitable opportunities it offers you. The Self Publishing Revealed program will show you how, as a published author, you can profit from book shops. Your local books shops are a potential goldmine for you if you know how to tap in to it.
