

London Pavement Atmos - Night (sfx Sound Effect Wav)

[DOWNLOAD HERE](#)

This 3'15" file was recorded in Central London early one Saturday morning by the side of the road. You can hear the hubbub of people chatting in the foreground and in the distance, plus passing traffic. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps.

Purchased files are broadcast quality wavs without watermarking.
