Christopher Sullivan is a singer/songwriter whose truly original and melodic collection of tunes is the perfect accompaniment to long, desperate mid-Atlantic drives, drunken late nights, and picnics with your soon to be ex-lover. 12 MP3 Songs ROCK: Folk Rock, FOLK: Modern Folk Details: Christopher Sullivan is a singer/songwriter intent on exploring the geographies that comprise our everyday lives: those of space and distances traveled; of time and rewritten memories; of emotions and their tenuous take on reality. On Lets Hear It For Headphones, he invites listeners to map out the details of classic boy-meets-girl stories, a mis-remembered rooftop party, a mind-cleansing blizzard walk. This truly original and melodic collection of tunes is the perfect accompaniment to long, desperate mid-Atlantic drives, drunken late nights, and picnics with your soon-to-be ex-lover. It evokes nostalgia from a future that has yet to occur.
