Bringing you a bit of that chicano flava' equipped with game. Central Cali proves to be capable of competing with the big cities. The album speaks for itself so be sure to peep it out and add it to your collection. One Love 17 MP3 Songs HIP HOP/RAP: Hardcore Rap, HIP HOP/RAP: Rap Details: Cisko, originally Innocente, started off as a solo artist recording tracks just for the homies to bump. Later he was joined by Charlie Boy and Drupey to form P.B.C. (Proud By Choice). The group signed to an independant label and released their first album in 2000. Due to complications with the label P.B.C. had to move on and start their own now known as Made Of Brown Production. Charlie Boy was incarcerated just before the first release (Central Valley Livin) but the remaining members continued on to release two more group albums and a compilation. Proving not to be just another studio gangsta group, the group suffered a setback as Innocente and Drupey also landed behind the wall. Upon release Cisko set the studio back up and got straight to producing beats and recording tracks. The album was put together quick due to popular demand in Central California and the results are here. Being proven guilty as well as upgraded lyrical content brings you the new and improved Cisko.
