Fat Gregggy The Panda are an eclectic mix of alternative hip hop and jazz rap, sounding musically (and lyrically) like a cross between Beck and the Beastie Boys. 15 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: Hip Hop Details: Fat Gregggy The Panda are a hip-hop Mick and Keith playing a spirited mix of alternative hip hop and jazz rap. They combine the polished experimentalism of Beck, the eclectic universal appeal of Talking Heads, the lightning percussions of a street bucket drummer, and the playfulness of the Beastie Boys. Their songs are at once perfectly simple and marvelously clever, and yet sonically gorgeous. Using everything from synths and banjos to snares and didgeridoos, these guys sound as good at parties as they do in your bedroom. But probably the most important thing about them is their unconventional appeal. Their "Lap-Top Hip Hop" attracts hipsters, bloggers, and students alike. Of course, when they're reminiscing about college life at their 9-5 jobs, it's no surprise they connect with anyone. So basically, the message is clear: Fat Gregggy The Panda aren't trying to change the world, they just want you to imagine what it'd be like if they did.
