Music for inner healing and strengthening -- there are lights at the end of our life "tunnels," and this music helps lead you through. 7 MP3 Songs NEW AGE: Healing, NEW AGE: Energy Healing Details: About Pheo Rose: Where does a person go when powerful emotions, often ones of pain, hurt, and confusion, swirl and tumble within. Pheo Rose, even as a child, turned to the keyboard. There, as fingers reached intuitively, expression, release, and a deep inner peace were found. The deeply moving and healing music first tended its composer. As others heard the musical outpouring they came and sat by the piano quietly drinking it in and saying at the end of a piece of music something like, Please dont stop; that piece is so soothing I want to stay in it more. A healing music outreach had begun. Simply one heart reaching for Love through the keyboard, and sharing that with others. For decades the music has been shared in prayerful situations, places of people in need; and many times without anyone to hear it, but it lifted up in prayer for all those who suffered. Beginning in 2007 technology was finally at the quality level for Pheo to record and produce music cds and mp3s. The musical pieces draw from decades of outreach to help ease the suffering. It is not surprising that these cds, with their healing touch, are being used in hospitals, hospices, treatment centers, healing centers, and are sent to individuals as requested. About this Album: All of us enter life tunnels. Circumstances, relationships, our livelihood, health, all can suddenly take a terrible turn for the worse. And no matter how hard we look there are no ways to go back. Even initial bad choices that tumble further out of control lock us in awful tunnels. The music of this album begins by honoring you, beautiful soul. No matter what happens or what we do or fail to do, within us is a beauty that life cannot tarnish, and that we need to touch again and again. Each of the following pieces helps touch those inner resources that will help emerge through the tunnel of suffering into a new light of being. Our inner tunnels are massive, but there are also inner resources to emerge through them. This music is

dedicated to that. People who are interested in should consider this download.
