

Mp3 Schroeder - Redux

[DOWNLOAD HERE](#)

shoegazey manchester-power-pop 12 MP3 Songs POP: Power Pop, POP: British Pop Details: schroeder... The songs on this cd represent a sample of material recorded some time ago by a band named schroeder. although the original albums that contained these songs did well in sales, courted labels, and garnered good press, the original mixes didn't capture the sonic quality, energy, and talent of those in the band so i took it upon myself to remix remaster the original tracks from the original material. all bass, drum and vocal tracks are original, and the only new guitar tracks on this disc are those that were lost in their original digital form. thanks for checking the music. i hope it moves you. nd 3/2006
