A fresh, new musical experience down an ambient path of atmospheric soundscapes, thought-provoking mood music, and a few experimental pieces thrown in for fun. Uptempo, downtempo, beautiful, agitated... it's all here. 13 MP3 Songs ELECTRONIC: Ambient, NEW AGE: Ambient Details: solo eClypse is fresh, new music from a new, solo artist. My goal is to create a refreshingly different musical experience that takes your mind, spirit and soul into realms of tranquility, smiles, upbeat energy or deep introspection. This is done through a wide variety of styles and instrumentation. From glorious soundscapes such as "Midnight, Glacier Bay" and "Serengeti Synthesis" to the jazz-funk experimentation of "Cubism" and "Stalker". From hauntingly beautiful fireside pieces like "Spring Thaw" and "Rain Song" to the spiritually intense "The Glorious Path", each track is unique and never boring. Comparisons have been made to Brian Eno, Tangerine Dream, Mark Isham, even an occasional hint of Pink Floyd. Fresh, innovative, with rhythms and tempos that move you forward while encouraging your mind to paint your own individual scencescapes, you'll find yourself tuned into "Unsettled Dreams" on the road, at your computer and by the fireside.
