Rhythm and Blues Soul Contemporary Christian Gospel 10 MP3 Songs GOSPEL: Contemporary Gospel, URBAN/R&B: Rhythm Blues Details: Cast Out The Demons Wendell Noble and Just Family Featuring Ramone Noble and Sam White I can tell you so many things about Wendell Noble, Ramone Noble and Sam White but it would take one thousand pages. So I will try to give you a brief history about them. They began, as so many great entertainers, in the church. The name of the group was, The Boys Of Wonder from NYC. They had recorded three gospel records and had also won the radio station WWRL's gospel group of the year award. They were also honored to perform at Madison Square Garden when Edwin Hawkins came to NY to perform his big hit, Oh Happy Day. They later switched to R&B as the Joneses and recorded such hits as, Sugar Pie Guy and Pretty Pretty. They have performed on many great stages such as The Apollo Theater to Carnegie Hall and appeared on Soul Train, Midnight Special, American Band Stand, etc. At the present time Wendell and Sam are performing with the Platters and Ramone performs with The Drifters. During this time Wendell felt God tugging at his heart and soul and was convinced that he must write and record an album for God. Wendell felt that this was a mission that God wanted him to do, not knowing if he was worthy, or where the money was going to come from. When Wendell told Ramone and Sam, they wanted to work with him on his dedication to God and that maybe God wanted them to sing gospel again. With faith, believing that God would supply his needs, Wendell began to work on the album and God inspired him with words and music. God also blessed him with a financial partner named Gary A. Edwards, who God has also inspired to write three songs for the album Cast Out The Demons, God is Everywhere, and Born Again. Just Family is comprised of family members and friends who also participated on the album: Nephew - Greg Muse(rap); Brother-in-law Pastor Martin Mason(prayer); Niece - Cassandra Woods(singer); Sister - Cheryl Mason(audience); Friend - Mike

Bossard(singer) and Friend - Rashia Jolley(singer). This Album is Dedicated To The Glory Of God We pray that spirits be healed and souls be saved. Songs: Cast Out The Demons is a gospel song in contemporary urban R&B style with a couple of enticing rap verses written by Greg Muse, Wendell's nephew. God Is Everywhere is a song with universal appeal for all religious persons of all ages and races. This song will be sung a hundred years from now. This is The Last Revelation is inspired by the book of revelations encourages us all to choose the right path. The Glory of God is another song by Wendell Noble that will appeal to religious persons all ages because of it's beauty and simplicity. Tell Him What You Want is based on the African slave-chant work-gang style where the leader sings a phrase and the group repeats it. This song was a standard gospel song and Wendell added two new verses to it. It has a driving, pulsating feeling, using one chord and one repeating bass note to help you feel the presence of the Lord deep in your soul. It's hard to just sit down and listen to this song. You'll want to move! Born Again is a personal account of a private religious experience shared by many in this world. Jesus Is Blessing Me. If you see me happy, if you see me shouting, if you see me jumping, if you see me crazy you know "it's because Jesus is Blessing me" is the happy message of this Wendell Noble Song. Jesus Is The Answer. This song gives the answer, and you know the question... Who is my Savior? Anything will have you humming along and singing the chorus, "Yes, I would do anything for you." This is indeed a song about true love.
