This is Future Garage 1.0 is the first in a series of sample packs designed by underground UK Garage producer Club Asylum who are renowned for their chart topping remixes and superb productions working alongside global artists from KC & Jo Jo, Shola Ama, Barbara Tucker and many more. Club Asylum takes Garage to the next level of creativity incorporating the latest production techniques and taking influences from House, Electro, Sci Fi, Deep House, Glitch, Dubstep and dnb. This very exclusive collection contains 4x4 beats, futuristic 2 step patterns, minimalistic beat patterns, sci fi chords, pads, one shots, glitched up vocals and more. The pack gives you the ability to be flexible with multi formats including 24bit WAV, REX2, and Apple Loops. Tempos are set at 130 BPM and 138 BPM to put hairs on the back of your neck. Dirty one shots, shuffling grooves, intricate hi hats, killa pattern grooves, lush pads, deep chords and surging dynamic sounds will be enough to set your appetite for building speaker damaging grooves.

Producer Pack pulls out all the stops on this one by bringing in the biggest and most prolific Garage producer on the planet bar none, with releases and remixes as long as your right arm. Forward thinking beats. Step in the right direction and take your Garage beats to the FUTURE!! Size: 494.9 MB (Zipped)
