If you want to participate in online freelance marketplaces, you NEED this information! - Learn what you NEED to know about setting your price structure so that you attract MORE buyers, even when your prices are higher than your competition! - And Much, Much More! Heres a more detailed look at my step-by-step course: Video 1 - Intro Into The Freelancing World After going this overview, you will not only have a good idea of how to get your freelance business rolling, but how to make it a profitable entity. You will be introduced to the basics of running a home business with things like setting up your home based business, how to find a steady stream of work, building your client list, defining a price structure that generates a profit, while not pricing you out of the market, secrets to winning the bidding war for work and how to avoid freelance writing scams. Video 2 - What Are My Options? In this video well go through the types of jobs you can start doing from today! Well make you aware of the jobs that are actively being asked by many marketers wholl happily pay you top dollar for your time. Dont start freelancing until you understand what other marketers want and need. When they can see they youre catering to them itll place you ahead of 99 of other freelances that just want to earn a quick buck. Video 3 - Where Should I Go For Work? In this video well give you a list of 8 high quality sites where you can start looking for hot paying clients! Yes there are many sites you could get involved with, but from our own experience theres only a small handful of sites that are worth joining and have the trust-worthy approval of mentioning. Dont make the mistake thinking that joining more networks will provide you with more work. Its definitely a case of quality over quantity and in this business loyalty and

repeat business is essential for your long term success. Watch this video so you dont miss out! Video 4 - Using Freelancing Websites In this video you get to watch over our shoulder as we go behind the scenes and look at the best sites. Well talk you through what you should be looking out for, what jobs you should be applying to, why certain clients are better than other straight off the bat and so much more! Weve made mistakes in the past of getting involved with people that ask for a job to be done but are not sure of the detail themselves. This is a no go area and puts you in a very bad position especially if youve already agreed to start working. Watch this video to avoid making such costly mistakes! Video 5 - Finding Jobs On Forums Freelance websites are not just the only place to go when finding work. In this video well give you a list of 4 of the best forums to get involved with so you can start searching today! These forums are a great place for finding work because they are full of active marketers who know exactly what they want, how much to have to budget and when they want it done. This is an ideal client for you because it allows you to manage your time around them and organize more work in the future. Watch this video so you know what to look out for! Video 6 - Make Yourself Known! So far weve covered how youd go about actively searching for work online. However theres another side to the coin you need to consider and that is getting people to come to you. Our past experience shows that once youre more known, people will actively search your name or trade name and find you. This is the best type of client you could get because they only want what you can provide. By learning to setup your own site and putting the most important and relevant information on it youre advertising yourself to the world. However you need to work smart and find an angle thatll allow you to stand out amongst other freelancers who are also selling their services. This video shows you some of the tricks you can use to get a 1-up! Video 7 - Important Things To Consider Before You Start! Okay so youve actively searched for a job, found one, and are happy with your client. Now what?... Do you just hope for the best... or do you put together a plan of action thatll keep you in business?... I hope you said the latter because this is the turning point for your online business! In this video well show you how to keep the ball rolling and talk about getting testimonials, how to use them, why you shouldnt under-value your services, how to stay focused, meeting deadlines and so much more. Follow our advice and youll stay in business for many more years to come!
