Venture into the depths of the unknown. Don't call it hip hop. Call it a revolution in sound. 8 MP3 Songs

HIP HOP/RAP: Hip Hop Details: The BP EP is the debut CD from its colorful creators Too Juicy and Faint Acquaintance in their group Beyond Pluto. In 2005 the duo formed the idea of a hip hop group that would expose the genre for what it is and everything it could be. Over the next couple years the two spent their time earning degrees in psychology and business while applying their intellect towards the music. Their goal was to think outside the corporate and mental state of the world and present music that goes beyond the typical. This CD accurately portrays their personalities and the thoughts that lie behind all minds. Listen as the two take you on a journey to speak out for what they believe in and hold nothing back. The BP EP tackles subject-matter such as judgmental thinking in Bottle Rockets, hip hop stereotypes, the ups and downs of karma as the two reverse roles in Karma is a Boomerang, while marching to the beat of their own drum as Faint Acquaintance proclaims in Beam Boam. The adventure ends crazily with an illustrious/over confident/high pitched voice from Frostee Tha Flowman. The conclusion exaggerates goofy traits that intrinsically push them to do what many may consider to be abnormal. However That's just the BP style. "The BP EP is more of a statement than a compilation of words and music. Its intended to shout out: this is who we are and this is how we feel. If youre looking for the same old club beat with simple and degrading lyrics, then youve come to the wrong place." - Too Juicy
