Radio-friendly rock in the vein of U2, Simon Garfunkel, Chris Isaak, STP and Dire Straits. 11 MP3 Songs  
ROCK: Emo, ROCK: Acoustic Details: BRUISED APPLE: Louie Mann- Vocals, Lyrics Tom Harmon-  
Vocals, Lyrics, Musical Arrangement Written and Produced by Bruised Apple. Recorded, mixed and  
mastered by Bruised Apple at T L Studios-Bayside, NY. Melodic acoustic pop/rock songs you just can't  
throw into one category, followed with a duet of strong male vocals, deep, and with a focus on the spirit.  
Bruised Apple's songs touch upon several emotions ranging from joy to sorrow; intelligent, yet sensitive  
lyrics soothe the listening senses as they discuss relationships, longing, moving on, and a search for love  
that can only be found in praise. Their debut album in 1998 'Time Expired' was a groundbreaking project,  
but this time the original song-writers, (Mann and Harmon) are back and better than ever, perhaps, even  
wiser in the direction they've taken. Like most bands, Bruised Apple has priorities, but worldly wealth isn't  
one of them. "There was a time when playing gigs and hoping to bring in lots of cash was an important  
issue." recalls Mann, "But we don't need any of that," Harmon responds. "What keeps us going is that in  
the end, we are able to touch some lives through the power of our music." Their music is vast in guitar  
work, accompanied by rich vocal harmonies and composed with good drum and bass arrangements.  
Hard rockin' grooves like Make it Through, Working on the Details and Princess of my Afternoons will  
have you singing along. Haunting ballads such as Butterfly, A Hard Week and Less than Whole will leave  
you deep in thought and on the edge of your seat. Honest storytelling and soulful melodies make  
'Working on the Details' a great soundtrack for those long drives, heck... great for any occasion! Once  
you pop in this CD there's a good chance you might never want to turn it off. We guarantee it... Check out
